

## ACADEMIC INTERESTS

---

3D Machine Learning, Neural Rendering, Physically Based Rendering, High Performance Computing

## EDUCATION

---

- **Korea Advanced Institute of Science and Technology, KAIST** Daejeon, South Korea  
*Bachelor of Science in Computer Science (Major) & Electrical Engineering (Minor)* Mar. 2019 – Present

## EXPERIENCE

---

- **2021 NC Fellowship - Neural Graphics Track, NCSoft**  
*Program participant* July. 2021 – Feb. 2022
- **Geometry & AI Lab** KAIST  
*Undergraduate Intern* June. 2021 – June. 2022

## TEACHING EXPERIENCE

---

- **CS492(A) Machine Learning for 3D Data** KAIST  
*Course Assistant* Spring 2022

## PROGRAMMING SKILLS

---

- **Languages:** C, C++, Python
- **Deep Learning Frameworks:** Pytorch

## SCHOLARSHIPS AND ACHIEVEMENTS

---

- **Presidential Scholarship, Korea Student Aid Foundation (KOSAF):** 2019 – Present
- **Dean's List, KAIST College of Engineering:** Spring 2020, Fall 2020, Fall 2021
- **Merit-Based Scholarship, KAIST College of Engineering:** Fall 2020
